Md. Raihan Kabir

Junior Full-Stack Web Developer

+8801798546751 raihankabir1952@gmail.com GitHub LinkedIn Dhaka, Bangladesh

PROFESSIONAL SUMMARY

Computer Science graduate with a 5-month Next.js frontend internship and three deployed full-stack projects built with Next.js, NestJS, TypeScript, and PostgreSQL. Experienced in turning Figma designs into responsive UIs with Tailwind CSS, and in building REST APIs, authentication, and payment flows (sandbox) in personal projects. Seeking an entry-level full-stack or frontend developer role.

WORK EXPERIENCE

Jr. T&DC Associate | Internship — Feb 2026 - Jun 2026

Through Limited — *Gulshan-01, Dhaka, Bangladesh*

- Developed 5+ responsive website pages in Next.js and Tailwind CSS from Figma designs for mobile and desktop screens.
- Collaborated in an Agile team of 5 developers, using Git and GitHub for version control and code collaboration.

Technologies / Skills Used : *Next.js, Git, GitHub, Tailwind CSS, Figma*

PROJECTS

EventFlow – Event Booking Platform | Github △ Vercel

- Built seat-availability checking, booking history, and OTP verification for a full-stack event booking system.
- Integrated SSLCommerz (sandbox) with IPN handling and server-side validation, so bookings are confirmed only after verified payment.
- Added booking confirmation emails and Cloudinary image upload; deployed on Vercel, Render, and Supabase.

Technologies / Tools Used : *Next.js, NestJS, PostgreSQL, TypeORM, Tailwind CSS, TypeScript*

CodeSphere – Developer Community Platform | Github △ Vercel

- Built a paginated feed with search, likes, and nested comment replies, with server-side ownership checks for edits and deletes.
- Added real-time online presence and live like/comment updates using Socket.IO.
- Implemented email verification and password reset via Resend; deployed on Vercel, Render, and Supabase.

Technologies / Tools Used : *Next.js, TypeScript, NestJS, Prisma, PostgreSQL, Tailwind CSS, Cloudinary, Socket.IO, REST API, JWT*

My-Kart (E-Commerce Platform) | Github

- Built customer and admin roles with cart, checkout, order management, and an admin analytics dashboard.
- Enforced a strict server-side order status workflow and SSLCommerz (sandbox) payment validation.
- Added role-based authorization, secure password reset, and purchased-user-only product ratings with real-time updates.

Technologies / Tools Used : *Next.js, NestJS, TypeScript, PostgreSQL, TypeORM, Tailwind CSS, Socket.IO*

SKILLS

Programming Languages :	JavaScript, TypeScript, Python, C
Frontend :	React.js, Next.js, Tailwind CSS, Responsive Design
Backend :	NestJS, Node.js, REST API, JWT Authentication, WebSocket (Socket.IO)
Databases & ORM :	PostgreSQL, MySQL, Prisma, TypeORM
Tools & Platforms :	Git, GitHub, Postman, VS Code, Figma, Vercel, Netlify, Render, Supabase
Integrations :	SSLCommerz, Cloudinary, Resend
Languages :	Bangla (Native), English (Professional Working Proficiency)

EDUCATION

AIUB — 2022 - 2026

Bachelor of Science in Computer Science & Engineering (CSE) — *CGPA : 3.57/4.00*

Carmichael College — 2017 - 2019

Higher Secondary Certificate — *GPA : 4.50/5.00*
